Manufacturer	Schneider Electric
Catalog number	tsxaxm292r
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Brand	Schneider Electric
Part Number	TSXAXM292R
Product Type	2-Axis Control Module
Application Area	Material Handling, Packaging, Textile Machinery
Product Series	Modicon Micro TSX-AXM

Description

The Schneider Electric TSXAXM292R is a specialized 2-axis control module designed for the Modicon Micro TSX-AXM series. This module is integral to applications requiring precise motion control, such as material handling, packaging, and textile machinery. It offers seamless integration with Schneider Electric's Modicon PLCs, ensuring reliable and efficient operation in complex automation systems. The TSXAXM292R is engineered to deliver high-performance control, enhancing the precision and responsiveness of automated processes. Its robust design and compatibility with Schneider Electric's ecosystem make it a preferred choice for industrial automation professionals seeking dependable and efficient control solutions.
