

TSXCTY2C

Industrial automation components

Manufacturer	Schneider Electric
Catalog number	tsxcty2c
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Voltage	24 V
Signal Type	24
Channel Configuration	2
Product Type	Module
Standards	iec_61131_2
Signal Level	24 V

Description

The TSXCTY2C module from Schneider Electric is an advanced solution designed to operate at 24V. It features a two-channel configuration, allowing for flexible signal management. The product complies with IEC 61131-2 standards, ensuring high quality and reliability in industrial applications. Both the signal type and signal level are 24V, making it an ideal choice for systems requiring precise control.
