

TSXETG100

Industrial automation components

Manufacturer	Schneider Electric
Catalog number	tsxetg100
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Signal Type	24
Signal Level	24 V
Interface Type	ethernet
Product Type	Module
Industrial Safety	plc
Safety Level	plc

Description

The TSXETG100 module from Schneider Electric is an advanced device featuring an Ethernet interface, designed for use in PLC systems. It offers a signal level of 24, ensuring high precision and reliability in communication. With the implementation of PLC technology, this module guarantees industrial safety, making it an ideal solution for demanding applications.
