

TSXETY4103C

Industrial automation components

Manufacturer	Schneider Electric
Catalog number	tsxety4103c
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Signal Level	5 V
Product Type	Module
Signal Type	5

Description

The TSXETY4103C module from Schneider Electric is an advanced device that supports signal type 5. With a high signal level of 5, this module ensures reliable communication and performance in industrial applications. Its design is optimized for easy integration into automation systems, making it an ideal solution for modern manufacturing facilities.
