

XBTGT7340

Industrial automation components

Manufacturer	Schneider Electric
Catalog number	xbtgt7340
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Temperature	65
Cable Specification	1024 × 768
Signal Type	24
Signal Level	24 V
Voltage	24 V

Description

The XBTGT7340 is an advanced operator panel from Schneider Electric, designed for operation in harsh industrial environments. The device operates at a voltage of 24V and can function in temperatures up to 65°C. Equipped with a display resolution of 1024 × 768, it ensures excellent image quality. It supports signal levels of 24, making it an ideal solution for various industrial applications.
