

3130A-403-4-00

Industrial automation components

Manufacturer	Sew-Eurodrive
Catalog number	3130a-403-4-00
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	1.80 kgs
Current	3130 A
Signal Level	400 V
Frequency	50 - 60
Product Type	Drive
Signal Type	400
Relay Specifications	400 VAC

Description

The Sew-Eurodrive 3130A-403-4-00 is a Movitrac inverter designed for industrial automation applications. This device offers a power rating of 5.1 kVA, suitable for various drive control tasks. Operating within a frequency range of 50 to 60 Hz, it ensures compatibility with standard industrial power systems. The inverter is engineered to handle a current of 3130 A, providing robust performance for demanding applications. With a signal level of 400 V and relay specifications of 400 VAC, it offers reliable and efficient operation. The device is housed in a compact form factor, with a weight of 1.80 kg, facilitating easy integration into existing systems. This inverter is ideal for applications requiring precise motor control and energy efficiency, making it a valuable component in industrial automation setups.
