

DFE33B

Industrial automation components

Manufacturer	Sew-Eurodrive
Catalog number	dfe33b
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	0.03 kgs
Product Type	Ethernet Option Card
Supported Protocols	EtherNet/IP, Modbus/TCP
Number of Ethernet Ports	2
Automatic Baud Rate Detection	Yes
Weight	0.07 kg
Dimensions	2.0 x 12.7 x 8.9 cm
Supply Voltage	24 V DC

Description

The Sew-Eurodrive DFE33B is an Ethernet option card designed for seamless integration of MOVIDRIVE® B and MOVITRAC® B frequency inverters into industrial Ethernet networks. This module facilitates communication via EtherNet/IP and Modbus/TCP protocols, enabling efficient control and parameterization of drives within automation systems. It features two integrated Ethernet ports, allowing for network redundancy and enhanced reliability. The DFE33B supports automatic baud rate detection and offers a user-friendly interface for configuration and monitoring. Its compact design ensures easy installation in various industrial settings, making it an ideal solution for applications requiring robust and flexible communication capabilities.
