

DI011B

Industrial automation components

Manufacturer	Sew-Eurodrive
Catalog number	di011b
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	0.45 kgs
Product Type	Input/Output Expansion Module
Product Family	MOVIDRIVE® B
Number of Inputs	8 binary inputs
Number of Outputs	8 binary outputs
Number of Analog Inputs	1 analog differential input
Number of Analog Outputs	2 analog outputs
Compatibility	MOVIDRIVE® B series
Weight	0.45 kg

Description

The DI011B is an input/output expansion module designed for the MOVIDRIVE® B series by Sew-Eurodrive. This module enhances the basic unit by adding 8 binary inputs and 8 binary outputs, facilitating seamless integration into various industrial automation systems. It also features one analog differential input and two analog outputs, providing versatile signal processing capabilities. The DI011B is compatible with the MOVIDRIVE® B series, offering a straightforward solution for expanding I/O capabilities without the need for additional hardware. Its compact design ensures easy installation and reliable performance in demanding industrial environments.
