

### FBG31C-08

Industrial automation components

<b>Manufacturer</b>	Sew-Eurodrive
<b>Catalog number</b>	fbg31c-08
<b>Category</b>	Industrial automation components
<b>Product type</b>	Industrial automation components
<b>Status</b>	Active product

### Technical specification

<b>Weight</b>	0.14 kgs
<b>Power</b>	23 kW
<b>Cooling Capacity</b>	23 kW
<b>Product Type</b>	Operator Panel Control Unit
<b>Brand</b>	SEW-Eurodrive
<b>Part Number</b>	FBG31C-08
<b>Dimensions</b>	12.00 x 8.50 x 3.00 cm
<b>Weight</b>	0.20 kg
<b>Compatibility</b>	Movitrac 31C Drives (21/22/23 kW)

### Description

The SEW-Eurodrive FBG31C-08 is an operator panel control unit designed for the Movitrac 31C series of drives. Manufactured by SEW-Eurodrive, this control panel facilitates intuitive operation and diagnostics of Movitrac 31C inverters, enhancing user interaction and system management. Key features include a plain text display and a parameter copy function, which streamline setup and maintenance processes. The panel is compatible with Movitrac 31C drives rated at 21, 22, and 23 kW, ensuring versatile application across various industrial settings. Its compact dimensions—12.00 cm in length, 8.50 cm in width, and 3.00 cm in height—make it suitable for installations with limited space. The device weighs approximately 0.20 kg, facilitating easy handling and installation. For detailed specifications and compatibility, refer to the manufacturer's datasheet or consult with authorized distributors.
