

DL100-22AA2112

Industrial automation components

Manufacturer	Sick
Catalog number	dl100-22aa2112
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Component Specifications	dl100
Interface Type	profinet

Description

The DL100-22AA2112 sensor from SICK is an advanced device featuring a Profinet interface, ensuring reliable monitoring and control in industrial applications. Its design based on the DL100 component specification guarantees high performance and precision, making it an ideal solution for complex automation systems.
