

3RB20461EB0

Industrial automation components

Manufacturer	Siemens
Catalog number	3rb20461eb0
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Current	25 - 100 A
Product Type	Relay

Description

The SIEMENS 3RB20461EB0 relay is designed for industrial applications, offering a current range of 25 to 100 A. Its robust construction ensures reliability in challenging operational conditions. This relay is an ideal solution for process automation, enabling efficient load control. With high-quality manufacturing, this product guarantees long-lasting and trouble-free operation.
