Ask about this product

Manufacturer	Siemens
Catalog number	3rt10566am36
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Voltage Rating	400 V AC (50-60 Hz)
Current Rating	185 A
Coil Voltage	200-220 V AC/DC
Auxiliary Contacts	2 NO + 2 NC contacts
Size	S6
Mounting Type	Chassis Mount, DIN Rail

Description

The Siemens 3RT10566AM36 is a high-performance power contactor designed for industrial automation applications. This 3-pole contactor is rated for 185 A at AC-3e/AC-3 duty, suitable for controlling motors up to 90 kW at 400 V AC (50-60 Hz).

It operates with a coil voltage of 200-220 V AC/DC, ensuring versatility in various electrical environments. The contactor features two normally open (NO) and two normally closed (NC) auxiliary contacts, facilitating complex control circuits.

Its compact S6 size allows for efficient integration into control panels, and it is equipped with conventional screw terminals for secure and reliable connections. The 3RT10566AM36 is part of Siemens' SIRIUS series, known for its robust performance and adaptability in diverse industrial settings.
