Manufacturer	Siemens
Catalog number	3vf5211-1bm67-0aa0
Category	Industrial automation components
Product type	Industrial automation components
Status	Legacy / discontinued

Technical specification

Product Type	Molded Case Circuit Breaker
Manufacturer	Siemens
Part Number	3VF5211-1BM67-0AA0
Current Rating	200-400A
Interrupting Capacity	45kA at 415V kA
Mounting Type	Fixed-Mounted
Auxiliary Release	None
Alarm Switch	None

Description

The Siemens 3VF5211-1BM67-0AA0 is a three-pole molded case circuit breaker designed for plant protection applications. It features an adjustable thermal-magnetic trip unit with a current setting range of 200-400A and an interrupting capacity of 45kA at 415V.

This model is fixed-mounted and does not include auxiliary releases or alarm switches, making it suitable for environments where simplicity and efficiency are paramount. Manufactured by Siemens, a global leader in electrical engineering, this circuit breaker is part of the Sentron series, ensuring high-quality standards and compliance with international regulations.

While this product has been discontinued since 2014, it remains a valuable component for existing installations and upgrades.
