

3VL9440-7EJ40

Industrial automation components

Manufacturer	Siemens
Catalog number	3vl94407ej40
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

No technical specifications available.

Description

SENTRON 4P 320-400A LI Wyzwalacz nadprądowy - ETU VL400, 4-pole, line protection thermal-magnetic, LI IR=320...400A, overload protection, II=2000...4000A, short-circuit protection, N unprotected screw terminal connections in scope of delivery of switching unit 3VL molded case circuit breakers for the complete product series from 16 A to 1600 A. The 3VL molded case circuit breakers from Siemens provide plant, starter and motor protection depending on requirements. With only two families for internal accessories, the 3VL molded case circuit breakers offer maximum diversity at minimum expense. The 3VL molded case circuit breakers are characterized primarily by: 1. Full communication capability via PROFIBUS DP and MODBUS. 2. Thermal-magnetic releases up to 630 A. 3. No derating up to 50 °C. 4. Motorized operating mechanism availability for all currents up to 1600 A. 5. Suitable for AC and DC applications. 6. Electronic trip units from 25 A to 1600 A. 7. Molded-case circuit breakers with intrinsic device protection for safe disconnection. 8. Wide range of accessories. www.siemens.com/lowvoltage. Siemens offers a comprehensive portfolio of protection, switching, metering and monitoring devices, distribution systems as well as switches and socket outlets for safe and efficient electrical infrastructure in buildings and industry
