Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Product Type	Programmable Logic Controller (PLC) Module
Warranty	24 months
Interface	20-mA ES
Compatibility	Siemens PROMEA System
Brand	Siemens
Part Number	6AF7001-7DD
Application Area	Industrial Automation

Description

The Siemens 6AF7001-7DD is a refurbished programmable logic controller (PLC) module designed for industrial automation applications. This module has been fully tested and cleaned, ensuring reliable performance in various control systems.

It comes with a 24-month warranty, providing assurance of its quality and durability. The 6AF7001-7DD is compatible with Siemens' PROMEA system and features a 20-mA ES interface, facilitating seamless integration into existing automation setups.

Its robust design and comprehensive testing make it a suitable choice for businesses seeking dependable automation solutions.
