| Product type | Industrial automation components |
| Status | Active product |

Technical specification

| | |
|---------------------------------|--------|
| Component Specifications | cp340 |
| Interface Type | rs232 |
| Industrial System | s7-300 |

Description

The CP340 module from SIEMENS is designed for the S7-300 industrial system. It features an RS232 interface, enabling communication with various devices. With its specifications, the CP340 ensures reliable connections in industrial automation applications, supporting integration with other system components.
