

6AG15121DK012AB0

Industrial automation components

Manufacturer	Siemens
Catalog number	6ag15121dk012ab0
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Product Type	Switch
Memory/Storage	200 KB
Temperature	60
Interface Type	profinet
Industrial System	siplus

Description

The Siplus 6AG15121DK012AB0 switch is an advanced industrial device featuring a memory capacity of 200 and a maximum operating temperature of 60°C. Equipped with a Profinet interface, it is ideally suited for applications in industrial automation systems. Its robust design ensures reliability in challenging industrial environments.
