

## 6AV2124-0QC02-0AX0

Industrial automation components

<b>Manufacturer</b>	Siemens
<b>Catalog number</b>	6av2124-0qc02-0ax0
<b>Category</b>	Industrial automation components
<b>Product type</b>	Industrial automation components
<b>Status</b>	Active product

### Technical specification

<b>Weight</b>	0.34 kgs
<b>Voltage</b>	24 V
<b>Component Specifications</b>	tp1500
<b>Interface Type</b>	profibus
<b>Memory/Storage</b>	24 MB
<b>Signal Type</b>	24
<b>Signal Level</b>	24 V

### Description

The Siemens 6AV2124-0QC02-0AX0 is a high-performance Human-Machine Interface (HMI) panel from the SIMATIC series, designed to enhance industrial automation processes. This Comfort Panel features a 15.4-inch widescreen TFT display with a resolution of 1280 x 800 pixels, delivering clear and detailed process visualization. The touch-operated interface supports 16 million colors, providing intuitive control and monitoring capabilities. Connectivity is facilitated through multiple interfaces, including PROFINET, MPI/PROFIBUS DP, and USB ports, ensuring seamless integration into various industrial environments. Equipped with 24 MB of configuration memory and running on Windows CE 6.0, the device supports configuration with WinCC Comfort V11 SP2 and higher, and is configurable from V14 SP1 onwards. The panel is designed for vertical installation and offers a robust build suitable for demanding industrial settings. Please note that as of October 1, 2018, the new part is blocked for delivery; however, spare parts can continue to be purchased, with prices potentially deviating from the new part.
