

6AV3535-1FA01-0AX0

Industrial automation components

Manufacturer	Siemens
Catalog number	6av3535-1fa01-0ax0
Category	Industrial automation components
Product type	Industrial automation components
Status	Legacy / discontinued

Technical specification

Weight	1.31 kgs
Product Type	Operator Panel
Series	GAV3535
Supply Voltage	24 V DC
Display Type	Monochrome LC Display
Interfaces	2 x TTY/V.24, X.27/TTY, MPI/PPI
Dimensions	482 x 310 x 85 mm
Weight	6.35 kg

Description

The Siemens 6AV3535-1FA01-0AX0 is an Operator Panel from the GAV3535 series, designed for industrial automation applications. This panel features a monochrome LC display with pixel graphics, providing clear visualization of operational data. It operates on a 24 V DC supply voltage, making it suitable for various industrial environments. The panel includes four integrated interfaces: two TTY/V.24, one X.27/TTY, and one MPI/PPI, facilitating versatile connectivity options. Notably, this model does not include a direct keypad, allowing for customized mounting and integration into existing setups. The panel's dimensions are 482 x 310 x 85 mm, and it weighs approximately 6.35 kg. Please note that this product has been discontinued and reached the end of its lifecycle on April 1, 2010. However, it remains repairable, offering a cost-effective solution for legacy systems. Repair services are available to ensure continued functionality and integration within existing setups.
