Description

The Siemens 6AV6372-2DF07-0AX0 is a software package from the SIMATIC Energy Manager series, designed to enhance energy management capabilities in industrial settings. This package includes 50 tags, one data acquisition component, one client, and one web client, providing a comprehensive solution for energy monitoring and control.

It is compatible with Windows 7 Pro/Ultimate (32/64 bit), Windows 8.1 Pro/Enterprise (64 bit), Windows 10 Pro/Enterprise (64 bit), Windows Server 2008 R2 (64 bit), and Windows Server 2012 R2 (64 bit).

The software is delivered as a single license with a license key on a USB stick, and the software and documentation are provided on a DVD in both German and English languages. This product is ideal for industries seeking to implement or upgrade their energy management systems, offering scalability and flexibility to meet diverse operational requirements.
