

6AV6545-0AG10-0AX0

Industrial automation components

Manufacturer	Siemens
Catalog number	6av6545-0ag10-0ax0
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	2.26 kgs
Voltage	24 V
Memory/Storage	4 MB
Signal Type	24
Signal Level	24 V

Description

The Siemens 6AV6545-0AG10-0AX0 is a high-performance Human-Machine Interface (HMI) from the SIMATIC MP 270B series, designed to provide operators with an intuitive and efficient interface for monitoring and controlling industrial processes. This device features a 10.4-inch TFT touchscreen with a resolution of 640 x 480 pixels, offering clear visualization for various industrial applications. It is equipped with 4 MB of configuration memory, which can be configured using ProTool from version V6.0 onwards, enhancing operational efficiency while maintaining a user-friendly interface for operators. The HMI offers multiple communication interfaces, including two RS232 ports, one RS422 port, one RS485 port, one Ethernet (RJ45) port, and one USB port, facilitating seamless integration into industrial automation systems. With a robust build and advanced features, this HMI is ideal for applications demanding precision, durability, and seamless integration into industrial automation systems.
