

6AV6640-0CA11-0AX0

Industrial automation components

Manufacturer	Siemens
Catalog number	6av6640-0ca11-0ax0
Category	Industrial automation components
Product type	Industrial automation components
Status	Legacy / discontinued

Technical specification

Weight	0.72 kgs
Voltage	24 V
Industrial System	s7-200
Signal Level	24 V
Display Size	5.7 in
Display Resolution	320 x 240 pixels
Processor Type	ARM
Built-in Memory	256 kB
Interface	1 x RS485

Description

The Siemens 6AV6640-0CA11-0AX0 is a SIMATIC Touch Panel TP 177micro designed for integration with SIMATIC S7-200 systems. This 5.7-inch STN display offers a resolution of 320 x 240 pixels, providing clear and precise visualization for industrial automation applications. Configurable using WinCC flexible 2004 Micro HSP and later versions, it supports seamless integration into existing setups. The device includes open-source software provided free of charge, details of which can be found on the enclosed CD. Despite being discontinued with a lifecycle end date of October 1, 2017, the 6AV6640-0CA11-0AX0 remains repairable, offering an economical solution to extend its usability. UNIS Group offers professional repair services to maintain the functionality of this product, ensuring continued performance within your existing setup.
