Description

The Siemens 6AV7240-3EC07-0HA1 is a 22-inch touch display panel PC from the SIMATIC IPC477D series, designed for industrial automation applications. It features a Core i3-3217UE processor, 4 GB of memory, and an 80 GB SSD for storage. Connectivity options include four USB ports (back) and one USB port (front), as well as two Gigabit Ethernet ports (IE/PN). The device operates on a 24 V DC industrial power supply and runs Windows 7 Ultimate 64-bit. This model is suitable for applications requiring robust computing power in a compact form factor.
