Manufacturer	Siemens
Catalog number	6av7803-0bb00-2ab0
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Display Size	15 inches
Processor	Pentium M770 1.6 GHz
Memory	256 MB DDR266 SDRAM
Storage	80 GB SATA hard drive
Optical Drive	DVD±RW±R drive
USB Interface	Front-side USB interface
Ethernet Interface	Ethernet interface
Power Supply	DC 24V

Description

The Siemens 6AV7803-0BB00-2AB0 is a 15-inch SIMATIC Panel PC 677 designed for industrial automation applications. It features a 15-inch TFT display with a resolution of 1024x768 pixels, providing clear and detailed visuals for control and monitoring tasks.

The device is powered by a Pentium M770 processor running at 1.6 GHz, ensuring efficient performance for demanding automation processes. Equipped with 2 MB of SLC (System Level Cache) and 256 MB of DDR266 SDRAM, it offers responsive multitasking capabilities.

Storage is provided by an 80 GB SATA hard drive, accommodating substantial data storage needs. The integrated DVD±RW±R optical drive allows for versatile media handling and data management. Connectivity options include a front-side USB interface for easy peripheral connections and an Ethernet interface for network communication, facilitating seamless integration into industrial networks.
