Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Display Size	19 inches
Processor	Intel Core i7-610E processor
RAM	4 GB DDR3
Storage	320 GB SATA HDD
Operating System	Windows 7 Ultimate 32-bit SP1 OS

Description

The Siemens SIMATIC IPC 677C, model 6AV7894-0BH32-0AC0, is a robust industrial panel PC designed for demanding automation environments. Featuring a 19-inch TFT touch display with a resolution of 1280 x 1024 pixels, it offers clear and responsive user interaction.

Powered by an Intel Core i7-610E processor (2 cores, 4 threads, 2.53 GHz), the device ensures efficient performance for complex tasks. It includes 4 GB of DDR3 RAM and a 320 GB SATA hard drive configured in RAID1 for data redundancy.

Connectivity options encompass two 10/100/1000 Mbit/s Ethernet ports, four USB 2.0 ports, and one serial port (COM1), facilitating versatile integration into various automation systems. The system operates on Windows 7 Ultimate 32-bit SP1, providing a stable platform for industrial applications.

Designed with durability in mind, the IPC 677C is suitable for use in environments with ambient temperatures ranging from +5°C to +45°C, ensuring reliable operation in diverse conditions.
