Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Manufacturer	Siemens
Part Number	6BK1000-0MA01-0BA0
Product Type	Controller Module
Series	SIMATIC 1000
Version	BA0

Description

The Siemens 6BK1000-0MA01-0BA0 is a controller module from Siemens' SIMATIC Series 1000, designed for industrial automation applications. This module functions as a controller unit within automation systems, integrating seamlessly into Siemens' automation hardware lineup.

It is identified by code MA01 with version BA0, indicating its specific configuration and version within the SIMATIC 1000 series. The 6BK1000-0MA01-0BA0 is suitable for various industrial automation tasks, offering reliable performance and compatibility with other Siemens automation components.

Its design ensures efficient control and monitoring within automated processes, making it a valuable component for enhancing operational efficiency in industrial settings.
