Manufacturer	Siemens
Catalog number	6bk1000-2mg00-0aa0
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Product Type	Industrial Computer
Product Family	SIMATIC IPC227E
Product Type	Industrial Computer
Product Series	SIMATIC IPC227E
Connectivity	Ethernet ports
Expansion Modules	Supports various modules

Description

The Siemens 6BK1000-2MG00-0AA0 is an industrial computer from the SIMATIC IPC227E series, designed for demanding automation tasks in industrial environments. This model offers robust performance and reliability, making it suitable for applications requiring continuous operation and high processing power.

Key features include a durable design, efficient cooling system, and compatibility with various industrial protocols. The 6BK1000-2MG00-0AA0 is ideal for controlling and monitoring complex processes, data acquisition, and integration into larger automation systems.

Its modular architecture allows for scalability and adaptability to specific application needs.
