Ask about this product

Manufacturer	Siemens
Catalog number	6bk1000-2mg01-0aa0
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Processor	Intel Atom
Connectivity	Ethernet, USB
Form Factor	Compact
Operating Conditions	Industrial environments
Product Type	Industrial PC
RAM	4 GB
Ethernet Ports	2
USB Ports	4
Display Ports	1
Power Supply	24 V DC
Mounting	Wall mounting
Operating System	Windows 10 Enterprise LTSB2016

Description

The Siemens 6BK1000-2MG01-0AA0 is a model from the SIMATIC Nano Box series, specifically the IPC227G variant. This industrial PC is designed for applications requiring compact and robust computing solutions.

It features an Intel Atom processor, providing efficient performance for various industrial tasks. The device is equipped with multiple connectivity options, including Ethernet ports and USB interfaces, facilitating seamless integration into industrial networks.

Its compact form factor allows for flexible installation in space-constrained environments. The IPC227G is engineered to operate reliably in harsh industrial conditions, ensuring durability and longevity.

This model is suitable for applications such as machine control, data acquisition, and process monitoring, where space efficiency and reliability are paramount.
