Manufacturer	Siemens
Catalog number	6ds1115-8aa
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Brand	Siemens
Part Number	6DS1115-8AA
Product Family	TELEPERM M
Application Area	Industrial Automation
Product Series	TELEPERM M
Product Type	Industrial Automation Component

Description

The Siemens 6DS1115-8AA is a component from the TELEPERM M series, designed for industrial automation applications. This module is engineered for reliable performance in demanding manufacturing and process control environments.

It serves as a direct drop-in replacement for existing installations, facilitating seamless integration into existing systems. The TELEPERM M series is known for its robust design and versatility, catering to various automation needs.

The 6DS1115-8AA module exemplifies Siemens' commitment to quality and innovation in industrial automation solutions.
