Ask about this product

Manufacturer	Siemens
Catalog number	6ds1613-8aa
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Manufacturer	Siemens
Part Number	6DS1613-8AA
Product Type	Dosierzähler (Dosage Counter) Module
Product Family	Teleperm M
Operation Channels	2 or 4 channels
Operating Temperature Range	Wide °C

Description

The Siemens 6DS1613-8AA is a Teleperm M Dosierzähler (dosage counter) module designed for precise measurement and control in industrial automation systems. Manufactured by Siemens, this module is part of the Teleperm M series, known for its reliability and performance in process control applications.

The 6DS1613-8AA module offers dual-channel operation, allowing for efficient processing of dosing signals. It is engineered to handle a wide range of input signals, ensuring compatibility with various industrial sensors and actuators.

The module's robust design ensures durability and consistent performance in demanding industrial environments. Its compact form factor facilitates easy integration into existing automation systems, making it a valuable component for enhancing process control capabilities.

Whether used in new installations or as a replacement in existing systems, the Siemens 6DS1613-8AA module provides a reliable solution for precise dosing applications.
