Manufacturer	Siemens
Catalog number	6ds1713-8aa
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Product Type	Industrial I/O Module
Brand	Siemens
Part Number	6DS1713-8AA
Compatible Series	TELEPERM M
Signal Conditioning	Reliable
Industrial-Grade Isolation	Yes

Description

The Siemens 6DS1713-8AA is an industrial input/output (I/O) module designed for seamless integration into Siemens automation systems. This module provides reliable signal conditioning and industrial-grade isolation, ensuring precise data transmission and robust performance in demanding industrial environments.

It serves as a direct replacement for existing I/O installations, facilitating straightforward upgrades and system expansions. The 6DS1713-8AA is compatible with Siemens' TELEPERM M series, offering flexibility and scalability for various automation applications.
