Manufacturer	Siemens
Catalog number	6ds4426-8ba
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Product Type	Remote Bus Connection Subrack
Input Voltage	230 V AC
Bus Converters Slots	2 slots
Product Family	Teleperm M/ME
Napięcie zasilania	230 V AC

Description

The Siemens 6DS4426-8BA is a remote bus connection subrack designed for the Teleperm M/ME series, facilitating communication between distributed control systems. It accommodates two bus converters and includes a power supply module for 230 V AC input, ensuring reliable operation in industrial environments.

This component is integral to the Teleperm M/ME system, providing essential connectivity and power distribution for remote bus configurations.
