Status	Active product

Technical specification

Processor	Intel 80386
Hard Drive	100MB
Disk Drive	3.5" and 5.25" floppy disk drives
Power Supply	115-230VAC
Current Draw	3.6/1.8A

Description

The Siemens 6EA1750-0AA01-1AA1 is a handheld programmer designed for the SIMATIC S5 series, specifically the PG 770 model. This device features an Intel 80386 processor, a 100MB hard drive, and supports both 3.5" and 5.25" floppy disk drives.

It operates on a 115-230VAC power supply with a current draw of 3.6/1.8A at 50/60Hz. The programmer is equipped with STEP5/ST software and is available in multiple languages, including German, English, French, Spanish, and Italian.

This device is ideal for programming and maintenance tasks within industrial automation systems, offering robust performance and versatility for professionals in the field.
