

6ES5431-8MA11

Industrial automation components

Manufacturer	Siemens
Catalog number	6es5431-8ma11
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	0.09 kgs
Voltage	24 V
Signal Type	24
Signal Level	24 V
Product Type	Module

Description

The Siemens 6ES5431-8MA11 is a digital input module designed for the SIMATIC S5 series, specifically compatible with S5-90U, S5-95U, S5-100U, ET 100U, and ET 200U systems. This module features eight isolated 24 V DC inputs, facilitating reliable integration and seamless communication within automation setups. Manufactured in Germany, it underscores Siemens' commitment to engineering excellence and durability. Despite its discontinuation as of October 1, 2022, the 6ES5431-8MA11 remains repairable, offering a cost-effective alternative to replacement. Maintaining and repairing this module can extend its service life within existing system architectures.
