Protection Rating	IP20

Description

The Siemens 6ES7 675-1BD30-0PA0 is a digital output module designed for integration with Siemens SIMATIC S7-1200 PLC systems. This module provides four digital outputs, each capable of handling up to 50mA, suitable for controlling various industrial devices.

It operates within an ambient temperature range of 0°C to 55°C, ensuring reliable performance in diverse industrial environments. The module features a compact design with dimensions of 38mm in width, 62mm in height, and 21mm in depth, facilitating easy integration into existing control panels.

Its IP20 protection rating indicates suitability for installation in industrial areas with controlled environments. This module is ideal for applications requiring precise digital output control, such as machinery automation, process control, and system monitoring within the Siemens S7-1200 PLC framework.
