Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Brand	Siemens
Part Number	6FC3191-5JC-Z
Product Type	SINUMERIK 880T Module
Application Area	CNC Machine Control
Category	Podzespoły automatyki przemysłowej

Description

The Siemens 6FC3191-5JC-Z is a component from the SINUMERIK 880T series, designed for advanced CNC machine control applications. This module integrates seamlessly into SINUMERIK 880T systems, offering enhanced performance and reliability for complex machining tasks.

Its robust construction ensures durability in demanding industrial environments, making it a preferred choice for precision control in various manufacturing processes.
