

6FC5111-0CA03-0AA1

Industrial automation components

Manufacturer	Siemens
Catalog number	6fc5111-0ca03-0aa1
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	0.08 kgs
Voltage	24 V
Product Type	Module
Signal Type	24
Signal Level	24 V

Description

The Siemens 6FC5111-0CA03-0AA1 is a digital output module designed for integration within the SINUMERIK 840C and 840CE automation systems. This compact DMP features 8 independently controlled outputs, each supporting 24 V DC at up to 2 A, making it suitable for demanding industrial environments. Built to be short-circuit proof and equipped with floating outputs, the 6FC5111-0CA03-0AA1 offers robust performance and enhanced safety for production lines requiring consistent and fail-safe operation. Its compact design allows for efficient panel installation, maximizing available space in control cabinets.
