| Manufacturer | Siemens |
| Catalog number | 6fc5111-0ca73-0aa1 |
| Category | Industrial automation components |
| Product type | Industrial automation components |
| Status | Active product |

Technical specification

| | |
|-------------------------|--|
| Weight | 0.44 kgs |
| Dimensions | 40 mm x 260 mm x 90 mm |
| Weight | 0.46 kg |
| Product Type | Terminal Block |
| Series | 6FC5111 |
| Application Area | SINUMERIK 840C/840CE DMP & F. Compact Module |

Description

The Siemens 6FC5111-0CA73-0AA1 is a compact terminal block designed for integration with SINUMERIK 840C and 840CE control systems. This terminal block facilitates secure and reliable connections for compact modules, ensuring stable operation within industrial production environments. Its robust construction supports efficient installation and maintenance, minimizing downtime on production lines. The compact design optimizes space utilization in control cabinets, making it suitable for high-density industrial setups. Siemens engineered the 6FC5111-0CA73-0AA1 to meet the demands of modern automation, ensuring both durability and consistent performance. The terminal block is part of a sustainable offering, with options for refurbished units that include a standard 2-year warranty.
