

6FC5203-0AB10-0AA1

Industrial automation components

Manufacturer	Siemens
Catalog number	6fc5203-0ab10-0aa1
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	2.08 kgs
Product Type	Module
Signal Type	24
Signal Level	24 V
Display Size	9.5 in
Supply Voltage	24 V DC
Operating Temperature Range	0°C to 50°C
Brightness	350 cd/m ²
Contrast Ratio	400:1 ratio

Description

The Siemens 6FC5203-0AB10-0AA1 is a flat operator panel designed for the SINUMERIK 840D control system, featuring a 9.5-inch monochrome flat-screen display. This panel is intended for installation in a standard 19-inch mount, facilitating easy integration into existing setups. It operates on a 24 V DC power supply and is engineered to function smoothly in temperatures ranging from 0°C to 50°C. The panel provides a brightness level of 350 cd/m² and a contrast ratio of 400:1, ensuring clear visibility in various operational contexts. Connectivity options include robust industrial data connectors to ensure reliable integration with other equipment. The rugged construction of the front panel adds durability, making it well-suited for industrial environments. This installation style, designed for panel mounting, streamlines setup and maintenance. Overall, the Siemens 6FC5203-0AB10-0AA1 offers a reliable solution for control and monitoring within the SINUMERIK system.
