

## 6FC5203-0AB20-0AA1

Industrial automation components

<b>Manufacturer</b>	Siemens
<b>Catalog number</b>	6fc5203-0ab20-0aa1
<b>Category</b>	Industrial automation components
<b>Product type</b>	Industrial automation components
<b>Status</b>	Legacy / discontinued

### Technical specification

<b>Weight</b>	6.50 kgs
<b>Display Size</b>	10.4 inches in
<b>Display Type</b>	Color Flatscreen
<b>Enclosure Type</b>	Slimline
<b>Keyboard Layout</b>	Standard US
<b>Disk Drive Slot</b>	Yes

### Description

The Siemens 6FC5203-0AB20-0AA1 is a flat operator panel designed for integration with SINUMERIK CNC systems, including models FM-NC, 810D, and 840D. This panel features a 10.4-inch color flatscreen display, providing clear visual feedback for machine control and process monitoring. It is housed within a 19-inch slimline enclosure, optimizing space in control cabinets. The panel includes a standard US keyboard layout, ensuring familiarity and ease of use for operators. Additionally, it is equipped with an installation slot for a floppy disk drive, supporting legacy system integration. Notably, the 6FC5203-0AB20-0AA1 panel does not include a VGA input, focusing on streamlined operation within specific SINUMERIK systems. This operator panel is ideal for applications requiring reliable and efficient human-machine interface solutions in industrial automation settings.
