Description

The Siemens 6FC5203-0AF52-0AA0 is a high-quality operator panel front designed for the SINUMERIK CNC system, specifically tailored for Trumpf machines. This panel features a 12.1-inch TFT display with a 19-inch width layout, providing clear and precise visual feedback for operators. The mechanical keys enhance user interaction, ensuring reliable and responsive control. With dimensions of 500 mm in length, 330 mm in width, and a height of 60 mm, it is engineered to fit seamlessly into industrial environments. Weighing approximately 540 kg, this robust panel is built to withstand the rigors of continuous industrial use, offering durability and longevity. Ideal for applications requiring precise machine control and operator interface, the 6FC5203-0AF52-0AA0 ensures efficient and effective operation of CNC machinery.
