

6FC5210-0DF21-0AA0

Industrial automation components

Manufacturer	Siemens
Catalog number	6fc5210-0df21-0aa0
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Processor Speed	566 MHz
RAM	256 MB
Operating Voltage	24 V DC
Operating System	Windows NT Workstation V4.0 for Embedded Systems
Dimensions	42 cm x 32 cm x 62 cm

Description

The Siemens 6FC5210-0DF21-0AA0 is a SINUMERIK PCU 50, an industrial computer designed for demanding production environments. It features a 566 MHz processor and 256 MB RAM, ensuring reliable performance for embedded control applications. Operating on 24 V DC and equipped with Windows NT Workstation V4.0 for embedded systems, this unit is well-suited for integration into automation solutions where stability and compatibility are essential. Its compact and durable build allows for easy installation within various industrial setups, making it an asset for production managers and process engineers seeking consistent uptime.
