## Description

The Siemens 6FC5250-7AY30-2AH0 is a specialized software package designed for the SINUMERIK 840DE Numerical Control Unit (NCU). This software enables the control of up to 31 axes on a PC card, facilitating complex automation tasks in industrial settings.

It operates with the export software version 7.2 and is provided under a single license, ensuring compliance with export regulations. The package is tailored for the SINUMERIK 840DE system, offering enhanced functionality and performance for advanced CNC operations.
