Manufacturer	Siemens
Catalog number	6fc5303-1af02-1ac0
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Product Type	SINUMERIK Push Button Panel MPP 483 H-S06
Connectivity Interfaces	MPI, PROFIBUS DP
Design	Membrane Keypad, Ergonomic
System Compatibility	SINUMERIK CNC Systems
Input Voltage	24 V DC
Dimensions	483 x 155 x 140 mm
Weight	3 kg
Application Area	Machine Control

Description

The Siemens 6FC5303-1AF02-1AC0 is a SINUMERIK Push Button Panel MPP 483 H-S06, designed for integration into SINUMERIK CNC systems. This panel features a robust design with a high-quality membrane keypad, ensuring durability and reliability in industrial environments.

It offers seamless connectivity options, including MPI and PROFIBUS DP interfaces, facilitating efficient communication within automation systems. The panel's ergonomic design enhances user interaction, providing intuitive control over CNC operations.

Its compatibility with various SINUMERIK systems makes it a versatile choice for machine tool applications, contributing to optimized performance and operational efficiency.
