Manufacturer	Siemens
Catalog number	6fc5303-1af02-8ap0
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Input Voltage	24 V DC
Dimensions	483 x 155 x 140 mm
Weight	3 kg
Product Type	Push Button Panel
Application Area	CNC Machine Control

Description

The Siemens 6FC5303-1AF02-8AP0 is a specialized push button panel designed for integration with Siemens SINUMERIK CNC systems. This panel serves as an operator interface, facilitating machine control through intuitive push button inputs.

It is tailored for applications requiring precise and reliable machine operation, such as in the automotive, aerospace, and general manufacturing sectors. The panel's robust construction ensures durability in industrial environments, maintaining consistent performance over time.

Its compatibility with SINUMERIK systems allows for seamless integration, enhancing the overall efficiency and functionality of CNC-controlled machinery.
