

6FC5357-0BB34-0AE0

Industrial automation components

Manufacturer	Siemens
Catalog number	6fc5357-0bb34-0ae0
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	0.30 kgs
Interface Type	profibus
Product Type	Module
Industrial Safety	plc
Memory/Storage	2.5 MB
Safety Level	plc

Description

The Siemens 6FC5357-0BB34-0AE0 is a high-performance NCU 573.4 Processor Module designed for the SINUMERIK 840D/DE CNC system. Operating at a 650 MHz Celeron processor, it offers 2.5 MB of NC memory and 96 KB of PLC memory, ensuring efficient control of complex machining processes. The module is prepared for PROFIBUS DP integration, facilitating seamless communication with various industrial devices. With dimensions of 320 mm in length, 200 mm in width, and 45 mm in height, it is engineered for durability and reliability in demanding industrial environments. This processor module is ideal for applications requiring precise motion control and integrated PLC functions, making it a valuable component in advanced automation systems.
