

6FC5357-0BB34-0AE1

Industrial automation components

Manufacturer	Siemens
Catalog number	6fc5357-0bb34-0ae1
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	0.33 kgs
Processor Speed	650 MHz
Memory	64 MB bytes
Communication Protocol	PROFIBUS-DP
System Software	Not Included
Dimensions	Not Available
Weight	0.7 kg

Description

The Siemens 6FC5357-0BB34-0AE1 is a high-performance NCU 573.4 module designed for integration within the SINUMERIK 840D/DE control systems. Operating at a 650 MHz processor speed and equipped with 64 MB of memory, this unit is prepared for PROFIBUS-DP communication, enabling efficient data exchange and process control in demanding production environments. The 6FC5357-0BB34-0AE1 does not include system software, allowing for flexible deployment according to specific operational requirements. With its robust construction and reliable performance, the 6FC5357-0BB34-0AE1 is suitable for project managers and production leaders seeking dependable process automation solutions.
