Manufacturer	Siemens
Catalog number	6fc5851-1xg41-1ya0
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Software Version	4.4 SP1
Supported Languages	English, German, French, Italian, Spanish, Chinese
Installation Media	CF card with license
System Requirements	SINUMERIK NCU 7x0.3 PN
Compatibility	SINUMERIK 840D sl system

Description

The Siemens SINUMERIK 840D sl CNC software 31-3 (Part Number: 6FC5851-1XG41-1YA0) is a comprehensive control solution designed for advanced machining processes. This software package, version 4.4 SP1, is pre-installed on a CF card and includes a license for straightforward activation.

It supports six languages: English, German, French, Italian, Spanish, and Chinese, making it suitable for international production environments. The SINUMERIK 840D sl system is renowned for its high-performance capabilities, offering precise control and flexibility for complex machining tasks.

Key features include advanced motion control, integrated safety functions, and seamless integration with Siemens' SINAMICS drive systems. This software is ideal for applications requiring high-speed, high-precision machining, such as aerospace, automotive, and precision engineering industries.

Its robust architecture ensures reliability and scalability, accommodating a wide range of machine configurations and production requirements.
