Manufacturer	Siemens
Catalog number	6fm1600-2bb00
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Brand	Siemens
Part Number	6FM1600-2BB00
Product Type	Single-Axis Positioning Controller
Product Series	WS 620
Application Area	Industrial Automation

Description

The Siemens 6FM1600-2BB00 is a single-axis positioning controller from the WS 620 series, designed for precise motion control in industrial automation applications. This controller is part of Siemens' Special Machine series, offering high-performance capabilities for specialized machinery.

It is compatible with various Siemens modules, including the WS 620 series, ensuring seamless integration within Siemens automation systems. The 6FM1600-2BB00 is engineered to deliver reliable and accurate positioning control, making it suitable for applications requiring precise motion control in specialized machinery.
