Manufacturer	Siemens
Catalog number	6fx1123-1ca01-inkl-6fx1124-4cb00
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Product Type	PLC & HMI Automation Module
Series	SINUMERIK 880 GA2
Memory Size	0.5 MB
Brand	Siemens
Part Number	6FX1123-1CA01
Product Family	Siemens ITE Series
Application Area	Industrial Automation

Description

The Siemens 6FX1123-1CA01 is a PLC & HMI Automation module designed for industrial control systems. This module is part of Siemens' SINUMERIK 880 GA2 series, offering advanced control capabilities for complex automation tasks.

It features a 0.5 MB system EPROM submodule, ensuring reliable storage and quick access to system programs. The module is compatible with various Siemens components, facilitating seamless integration into existing automation setups.

Its robust design and high-quality construction make it suitable for demanding industrial environments, ensuring longevity and consistent performance. For detailed specifications and compatibility information, refer to the product page.
